

Imanol Asolo: Full Stack Developer & Scrum Master

Profile Overview:

Imanol Asolo is a versatile Full Stack Developer with extensive experience in building web applications and dedicated software solutions. As a certified Scrum Master, he brings strong leadership and agile project management skills to his teams. With a passion for innovation and a commitment to delivering high-quality solutions, Imanol Asolo is dedicated to building robust and scalable applications that meet the needs of his clients and users.

Imanol Asolo was born in Bermeo in 1971, Basque Country, in the North of Spain next to the Cantabrian Sea. He is a proud husband and father of a girl and a French bulldog. He loves talking to and helping others and has a great desire to work as a team creating amazing projects.

Skills:

- **Full Stack Development:** Proficient in both frontend and backend development, with expertise in languages and frameworks such as JavaScript (React, Node.js), Python (Django), HTML, and CSS.
- **Agile Project Management:** Certified Scrum Master with a proven track record of leading cross-functional teams and delivering projects on time and within budget using Agile methodologies.
- **Problem-solving:** Skilled at identifying and solving complex technical challenges, with a strong ability to troubleshoot issues and implement effective solutions.
- **Communication:** Excellent communication and collaboration skills, with the ability to effectively communicate technical concepts to both technical and non-technical stakeholders.

Projects:

- **Web Applications:** Led the development of various web applications, including e-commerce platforms, content management systems, and data visualization tools, using modern technologies such as React, Django, and MongoDB.
- **Chatbot Development:** Designed and implemented chatbot solutions for customer service, lead generation, and knowledge base management, leveraging natural language processing (NLP) and machine learning algorithms, using LLM technologies.
- **Scrum Master:** Served as Scrum Master for multiple software development projects, facilitating daily stand-ups, sprint planning, and retrospective meetings to ensure team alignment and project success.

Mission and Vision:

Imanol Asolo's mission is to leverage his technical expertise and leadership skills to drive innovation and deliver value to clients through the development of cutting-edge software solutions. He envisions a future where technology empowers businesses and individuals to achieve their goals more efficiently and effectively, and is committed to making that vision a reality through his work as a Full Stack Developer and Scrum Master.
